Another of the "last straw" one official put it was laid on ay with the official report of
murder of James Wallace, an
merican oil man, by a Carranza
ier near Tampico on Wednes-

The state department sum-
rized its advice in this formal
ement.

The following statement was
ued by the state department:
"James Wallace, an American
poyee of an American Oil Com-
pany near Tampico was murdered
a Mexican federal soldier at
rro de Llano on Wednesday,
ember 26, the murdered was
t take into custody."

The Wallace referred to is be-
ieved here to be E. T. Wallace,
out 40 years old, and one of the
company's best men. He had
perated for the company in Col-
mbia as well as Mexico and re-
ntly went to Tampico.

If the identification of Wallace
correct, he is the eighth official
of the Gulf Refining Company to
be killed in Mexico and the eighth
merican to be killed since July
2, 1916, when the state depart-
ment warned the Carranza gov-
ernment that more killings of
americans would lead to a change
a policy of this government to-
wards Mexico.

Wallace is the seventh Ameri-
can citizen to be killed by Car-
ranza soldiers in the Tampico dis-
trict during the last year or two.
His identification has not yet
been completed, but there is a
ames Wallace who is a promi-
ent oil man and who recently
returned to Tampico from Col-
mbia.

TOLEDO STILL WALKING

TOLEDO, Ohio (Nov. 28)—
Toledo still is walking or rid-
ing in buses and is likely to
continue to do so for several
days as the result of a tempo-
ary break of negotiations start-
ed in United States district
court here today. At a meet-
ing of company and city officials
with Judge John M. Killits
tonight the company asked more time.

gation and further report on the
details.

Investigation and report on
the new phases of the Jenkins
case, raised in the Mexican note
refusing to meet this govern-
ment's demand for the consular
agent's immediate release already
had been offered.

The whole effect of the day's
developments was to put the Mex-
situation, already acknowl-
edged back into the worst light
of probably more than a year.
The reports of fighting in Mexico
City and the reported flight of
Carranza, should they be verified,
are expected to have a material
bearing upon it. So far as re-
vealed no news was received di-
rectly from Mexico City.

There was just a suspicion that
the trouble in the Mexican capi-
tal was a reaction from the ex-
ecution of General Felipe Angeles
at Chihuahua City against which
many Mexicans including Carranza
supporters protested vigorously.

It has been known here for
some time that the preliminaries
of the Mexican presidential cam-
paign were waxing warm with
Carranza and Obregon as the
chief figures. Obregon has been
touring the country and is just
about due at Manzanillo, one of
the Pacific coast ports controlled
by Carranza forces. Altho the
report of an outbreak seemed to
be the logical consequence to an
accumulation of information at
hand there was a disposition to
await further news before consid-
ering it a real factor in the situ-
ation. A change of government in
Mexico it was pointed out might
point the way to a solution of the
present difficulties. On the other
hand it was said a change in gov-
ernment might be accompanied by
just disturbance and spoliation of
foreigners and foreign property
to present itself as an added
cause for action.

Of Great Importance
The murder of Wallace how-
ever, assumes proportions of over-
shadowing importance. Portorio
del Llano, the ranch on which he
was murdered, is sixteen miles
south of Tampico. The oil pipe
lines of the Aguila Gulf Refin-
ing and Huasteca Oil companies
run through the property. When word
of his death was received here
the officials of all three compan-
ies were communicated with for
identification. The Gulf com-
pany's office at Houston, Texas,
responded that the Wallace was
probably W. M. Wallace, who was
known to be in the Tampico dis-
trict and of the Portorio del
Llano property.

The Mexican ambassador, Igna-
cio Bonillas, called on Secretary
Lansing at the state department
today and they not only went
over the Jenkins case but Mr. Lan-
sing also laid before the Mexican en-
voy the report of the killing of
Wallace which has just been re-
ceived. Their conference was
confidential but it is understood
that Carranza's representative a
message more forceful and direct
than any yet transmitted in any
diplomatic note. Mr. Bonillas
was informed that the department
placed no credence in the charges
on which Jenkins is held in jail
at Puebla, in whines to intervene
and it is understood that Mr.
Lansing further outlined to the
ambassador the inevitable conse-
quences of continued murders and
molestations of Americans, prob-
ably more pointedly than was
done in the government's official
note of last July. About the same
time word came of the death of
another American as the result of
a brutal attempt of bandits who
held him for ransom. He was
Otto Lund of Swedish birth, a
naturalized American who died of
blood poisoning after being held
for ransom for five months in the
state of Mayarit. His captors
chopped off one of his fingers with
a foul weapon which was placed
within their written demand for
ransom money which they sent to
his friends in Tepic. Blood pois-
oning and gangrene killed him.

Details of this latest outrage
were lacking, but administration
officials did not hesitate to char-
acterize it as almost the last straw
in the chain of appalling in-
cidents which has occupied the at-
tention of the state department
for several months.

Arrest Gun Runners
San Antonio, Texas, Nov. 28.—
Three Mexicans supposed to be
gun runners were arrested in a
San Antonio hotel today and 4800
rounds of pistol ammunition found
in their room. The raid
was carried out by Captain W. R.
Irwin, provost marshal, acting
with Captain Frank P. Stratton
of the Fort Sam Houston Intelli-
gence department. A fourth oc-
cupant of the room escaped. The
three men arrested claimed that
they are from Piedras Negras,
opposite Eagle Pass and were
buying the ammunition for a
hardware merchant of that place.

They have been making weekly
trips here for several months ac-
cording to the hotel man.

Two of the men are said to not
have passports and refused to tell
how they reached the United
States.

Mailing of Many Bombs to
Many Prominent Men Dur-
ing Holiday Season

NEW YORK, Nov. 28.—New
York's prominent citizens today
were officially warned by the dis-
trict attorney's office against the
possibility of bomb bearing
Christmas packages. Acting on
advice received recently from
the Philadelphia police that rad-
ical plans had been discovered for
repetition on a wholesale scale
during the holidays of the bomb
mailing plot of last May Day the
district attorney advises caution
in handling all parcels received
between now and New Year's Day.
Citizens were advised to carry all
suspicious looking bundles re-
ceived by mail, express "or other-
wise to the first department's bu-
reau of combustibles or the po-
lice department's bomb squad
for examination. The May Day
outrages were cited as "examples
of the extent to which desperate
minded radicals will go in order
to inflict punishment upon the
representatives of law and order
whose duty has been to sup-
press the advocates of direct ac-
tion."

CLOSE ARGUMENTS

In Proceedings Brought to Secure
Possession of Baby.

Ottawa, Nov. 28.—With the
hearing of arguments of counsel
today, the habeas corpus proceed-
ings brought by Mrs. Dolly Ded-
erwood Matters, of Chicago, to
secure possession of "Baby Irene"
the child claimed by her as her
own, but which is now in pos-
session of Margaret Ryan, an Ot-
tawa girl, who also claims her,
came to an end. Justice Lennox
reserved his decision. Should the
child be given to Mrs. Matters, the
charge of kidnapping pending
against her following the sensa-
tional attempt to take the child
from the Ryan home here will
likely be dropped. If the child is
held to be the Ryan girl's, the
charge will be pressed.

Mrs. Matters is on bail on this
charge.

LADY ASTOR ELECTED

Will Make First Appearance in
House of Commons Monday.

Plymouth, Nov. 28.—Lady As-
tor, American born wife of Vis-
count Astor, was elected to com-
mons Monday by Lord Edmund
Talbot, only brother of the fif-
teenth duke of Norfolk and Lieu-
tenant Colonel Herbert H. Spen-
cer Clay, her brother-in-law,
whose wife is Pauline, daughter
of the late Viscount Astor.

not expedient to say more regard-
ing the proposed trial of former
Emperor William of Germany and
other criminals, than that an
enormous mass of evidence in-
cluding many thousands of

persons is under consideration.

RESIGNATION ACCEPTED

Chicago, Nov. 28.—The Chi-
cago board of education at a spe-
cial meeting today formally ac-
cepted the resignation of Dr.
Charles E. Chadsey of Detroit as
superintendent of schools. His
letter of resignation was sent to
the board last Wednesday. His
successor will be Assistant Super-
intendent of Schools Mortenson.

FAMOUS VIOLINIST BETTER

St. Louis, Nov. 28.—Maude
Powell, the violinist who was
stricken during a performance
last night, was better this after-
noon, although not out of danger,
according to attending physi-
cians.

REVENUE COLLECTOR FOUND DEAD

South Bend, Ind., Nov. 28.—
Peter J. Krueyer, chief collector of
United States revenue for the
13th district was found dead in
his office early today by Fred
Coker, janitor of the federal
building.

HOLDUPS TAKE \$40,000

New York, Nov. 28.—Four
hold up men invaded fashionable
west End avenue early today and
robbed a Washington market
merchant of \$40,000 in the ves-
tule of his own home. The rob-
bers escaped in an automobile.

COAL SITUATION IN ILLINOIS

SPRINGFIELD, Ill., Nov. 26.—The possibility of a settlement by
Illinois miners and operators of their differences was considered to-
day as the next move toward bringing to an end the tieup which has
brought the state to the edge of a coal famine. With lighting res-
trictions in effect in many cities, factories closing daily and schools
and public utilities fast using up their meagre surplus, state officials
recognized that the situation was serious.

Altho representatives of the miners and operators would not ad-
mit today that there was any prospect of an immediate solution fol-
lowing the break at Washington, there apparently was hope by both
sides that some kind of an agreement could be reached with the
state which would permit the resumption of work.

The coal shortage in this city has become so acute that some of
the schools will be closed Tuesday. Several factories have already
closed and restrictions have been put on night lighting displays. The
state institutions here are also conserving their small coal supply.
Officials estimated that they have enough coal on hand to light and
heat the state house for ten days.

Middlewest Must Curtail Consumption
CHICAGO, Nov. 28.—Moves for drastic curtailment of the use of
soft coal, especially in the middlewest, southwest and central west
were made today to meet the shortage due to the miners strike while
the operators prepared to announce a fourteen percent wage advance
effective December 1.

What effect the wage increase—proposed by Fuel Administrator
Garfield and rejected by the union miners' representatives but accepted
by operators—would have upon production was not indicated to-
night.

State and local officials tonight were considering methods of re-
suming production and of conserving stores of fuel, which in many
localities were exceedingly slender as a condition approaching a fam-
ine loomed.

A conference of operators will be called to meet in Chicago prob-
ably Monday by Governor Frederick D. Gardner of Missouri, he an-
nounced tonight unless Fuel Administrator Garfield informs him that
the government will take definite action looking toward production.
On Monday too, Governor Henry J. Allen has announced he will
open the strip mines of Kansas with volunteer miners.

PROBE NOT COMPLETED

May Be Additional Witnesses in
Mayberry Investigation

Grand Rapids, Mich., Nov. 28.—
Investigation of the senatorial
campaigns of Truman H. New-
berry, United States senator from
Michigan was not completed by
the federal grand jury today.
There was an air of expectancy
about the jury room all day and
reports that the inquirers had
completed their examinations on
witnesses and were balloting on
true bills were numerous.

Officials and attaches of the
district attorney's office and of
the United States district court
were all set to receive the report
but no word came from the grand
jury room.

At noon the jury adjourned for
its usual luncheon period and at
5 o'clock the men filed out again
but no further word than "meet"
again tomorrow morning. It was
said that additional witnesses
had been summoned but there
was no official confirmation or
denial of this report.

UNCHANGED SITUATION

U. S. Action Will Not Alter
Germany's Treaty Obligations

Berlin, Nov. 28.—(By The As-
sociated Press.)—The German
government will be confronted by
an altered situation in respect to
its obligations under the Ver-
sailles treaty in the event the
United States fails to ratify it.
It was a declaration made at the
foreign office today.

It was declared absence of ac-
tive American participation under
the treaty in the adjustment of
numerous post-war issues, would
constitute a condition which Ger-
many had not contemplated when
she affixed her signature to the
treaty.

Concerning the extradition of
German officers and officials for
trial, it was said that the German
cabinet is unanimous that if ex-
tradition actually is insisted upon
it will produce an internal reac-
tion which the government will
be in duty to prevent at all
hazards.

PLAN SEVENTH OLYMPIAD

At Dinner Tendered Member of
Belgian Games Committee

New York, Nov. 28.—At a din-
ner tendered tonight to Colonel
Leon Osterreth, member of the
Belgian Olympic games commit-
tee by Colonel Robert Thompson,
president of the American com-
mittee, the plans for the holding
of the seventh Olympiad at Ant-
werp, Belgium, in August 1920,
were outlined and a reorganiza-
tion of the American committee
effected.

UNFIT TO ADMINISTER LAW

Senator King Makes Charges
Against Dept. of Labor.

Washington, Nov. 28.—Charg-
ing that the department of labor
was so honeycombed with Bol-
shevism, that it was "unfit" to
administer the law providing for
teporation of radical aliens,
Senator King, Democrat of Utah,
announced today that he had pre-
pared for introduction Monday a
bill transferring enforcement of
his law to the department of jus-
tice.

MOVEMENT SPREADING

Geneva, Nov. 28.—Uncensored
news concerning Italy was
brought here today by travelers
arriving from Domodossola and
Juganows saying that the anti-
bolshevik movement fanned by the
socialists is spreading in North-
west Italy. It is reported that the
movement is a combined one of
the Socialists against the Italian
monarchy in favor of a republic
and that Gabriele E. D'Annunzio
is being used as a pawn in the
hope of creating disorder in the
banks of the future government.

FEDERAL WARRANTS

St. Louis, Mo., Nov. 28.—Fed-
eral warrants for the deportation
of four alleged radicals held here
were received from Washington
today. Frederick W. Friedman, a
Chicago editor, is one of the quar-
ter named in warrants.

WARNS COAL MEN

Government Issues Notice to
Operators and Miners

LEGAL PROSECUTION

Miners Willing to Work Will be
Protected by Troops if Neces-
sary—No interference With
Production Will Be Tolerated

WASHINGTON, Nov. 28.—The
government served blunt notice
on soft coal miners and operators
tonight that interference with
coal production would not be
tolerated.

Warning that legal prosecution
would be employed to thwart con-
spiracies by either side and troops
sent wherever necessary to pro-
tect miners willing to work came
from the department of justice
after members of the cabinet had
considered every phase of the fuel
situation, admittedly critical, in
view of the abrupt breaking off of
negotiations.

It is not the intention of the
government to let the mines re-
main idle with half of the coun-
try in the grip of cold weather
and the coal supply rapidly
diminishing.

The administration, it was
thought had fully expected the
miners to reject the fourteen
percent wage increase offered by
Fuel Administrator Garfield. Ant-
cipating this plans had been
considered for augmenting the
present output of bituminous
mines, officially figured at more
than 40 per cent of normal. In
official circles it was said that the
federal authorities were deter-
mined to force resumption of op-
erations on the terms laid down
by the federal administration.

Operators tonight set out to
resume production so far as that
was possible under the muddled
conditions by telegraphing notice
for posting at mines everywhere
offering an increase of 14 per
cent for all men willing to work.

There were few expressions as
to how this information might
be received but representatives of
the miners here still declared it
would be no incentive and that it
would be ignored especially in the
central competitive fields em-
bracing the states of Ohio, Illi-
nois, Indiana and Western
Pennsylvania. Operators, how-
ever, believed that it would draw
large numbers to the mines and
that next week would see a big in-
crease in the daily soft coal out-
put.

Dr. Garfield had explained
earlier in day that he regarded
fourteen percent a just and suffi-
cient wage advance for mine
workers and that mine owners
who did not pay it would find
their properties taken over and
operated by the fuel administra-
tion.

John L. Lewis, acting president
of the United Mine Workers of
America—who had borne the brunt
of the wage negotiation fight,
went home tonight worn out
by the long wrangle. Before
leaving for Indianapolis, Lewis
aw Secretary of Labor, Wilson
and Samuel Gompers, president
of the American Federation of La-
bor. He did not have much to
say about the situation and ex-
plained that he had arranged with
Gompers to have the federation's
lawyers assist counsel for the
miners in the perfecting of their
appeal from the ruling of Federal
Judge Anderson ordering the coal
strike order cancelled.

FIRE LOSS \$700,000

Estimates at Baltimore Place Loss
at High Figure.

Baltimore, Md., Nov. 28.—Re-
vised estimates of the loss caused
by the fire which early today
wrecked three of the group of
buildings in the center of the
city formerly occupied by Johns
Hopkins University and damaged
a score of residences and stores
placed the amount at approx-
imately \$700,000. The loss to the
university alone may reach \$500,-
000, but it is covered by insur-
ance.

ARMY AND NAVY TO MEET

Big Eastern Football Classic to
Be Staged Today.

New York, Nov. 28.—The United
States military and naval acad-
emies began their march on this
city tonight, preparatory to the
annual Army-Navy football game
at the Polo Grounds tomorrow
afternoon. Approximately 45,000
spectators will witness the game.
Twice this number of tickets
could have been sold. The few
tickets that have reached the
speculators are bringing fabulous
prices.

DECLARE 3 PER CENT DIVIDEND

Philadelphia, Nov. 28.—The di-
rectors of the Baldwin Locomo-
tive works today declared a divi-
dend of three and one-half per
cent on the common stock. The
last dividend payment was one
per cent in January, 1915.

STILL WITHOUT CAR SERVICE

Toledo, Nov. 28.—As Toledo
today started on its twentieth day
without street car service, Fed-
eral Judge Killits came forward
with a plan of settlement, provid-
ing for temporary operation of
the lines for sixty days under
his direction.

WILL LET THEM ALONE

Tacoma, Wn., Nov. 28.—The
city council today agreed to let
the 22 alleged I. W. W. who are
on a hunger strike in the city
jail starve if they want to, fol-
lowing a report from Assistant
City Attorney Frank Carnahan
that the city cannot be held re-
sponsible.

TWO PERCENT FOR U. S.

PARIS, Nov. 28.—The su-
preme council today adopted
the British suggestion for par-
tition of the German war fleet.
Under the agreement Great
Britain will receive seventy
percent of the total tonnage.
France ten per cent, Italy ten
percent, Japan eight per cent
and the United States two per-
cent.

PEACE TREATY PROBLEM

Negotiations Expected to Begin
Today for the Handling of
Treaty at New Session—Hitch-
cock to Confer With Wilson

WASHINGTON, Nov. 28.—
With some senators returning
from their homes for the recon-
vening of congress, negotiations
are expected to begin tomorrow
for handling the peace treaty
problem at the new session.

Senator Hitchcock of Nebraska,
the Democratic leader will reach
the capital tomorrow morning
and is expected to see Presi-
dent Wilson during the day.
There has been no authoritative
information as to what the presi-
dent will say about the treaty in
his message to congress next
week, but the general expectation
is that he will resubmit it for rat-
ification.

It has been suggested by some
senators that he might submit
also a draft of reservations
which he would regard as satis-
factory.

SEVERE WESTERN STORM

Temperatures Rise Follow-
ing Thanksgiving Day
Blizzard

Rocky Mountain States Expe-
rience Much Snow and Mercury
Drops to 12 Degrees Below
Zero in Wyoming

CHICAGO, Nov. 28.—Winter's
early advent Thanksgiving Day in
the Rocky Mountain states, the
northwest, middle west and much
of the southwest, where snows
and temperatures below zero in
Wyoming, Colorado and Nebrac-
ka were recorded, was followed
today by abatement except in Ne-
braska and Wyoming and north-
west Arkansas.

Temperatures were as low as
12 degrees below zero at Sheridan
and Cheyenne, Wyo., today, and
two below at Kimball, Nebraska.

The storm which was most se-
vere in the mountain states was
moving northeastward tonight.
Snow had ceased there but was
falling heavily in Nebraska.
Phoenix, Arizona, had snow to-
night, the earliest in 24 years.

Generally the weather was moder-
ating, however, and train and
wire service was much improved.
The greatest depth of snow was
reported at Aspen, Colorado,
where the record was five feet.

Promised Relief Today

Denver, Colo., Nov. 28.—The
Rocky Mountain states, which
since early Wednesday have been
in the grip of the most severe
storm of the winter were promised
relief in the shape of rising tem-
peratures on Saturday. The storm
was moving slowly eastward to-
night, snowfall apparently was at
an end and warmer weather was
forecast for tonight and tomor-
row.

The lowest temperature record-
ed in ever today was five degrees
below zero. At Cheyenne, and
Sheridan, Wyo., the mercury has
stood at twelve degrees below zero
for two days.

The snowfall extended as far
south as New Mexico, five inches
being recorded at Albuquerque.
Flagstaff, Arizona, had a fall of
even inches and south of that
point heavy rains served to swell
streams in the vicinity of Phoenix
so that some property loss re-
sulted.

Phoenix tonight reported dan-
ger of heavy flood damage past. In
New Mexico, Santa Fe trains from
Chicago were reported 24 hours
late.

Deep Blanket of Snow

St. Paul, Minn., Nov. 28.—Al-
tho the northwest is covered with
a blanket of snow from a few
inches to several feet deep the cold
spell which swept eastward over
this section early this week has
given way to a much more
moderate temperature and warm-
er weather was predicted gener-
ally throught the northwest. Train
and wire failures have so far
been seriously hampered.

Finding that flour was likely to go to \$16 a barrel, the government grain boards have arranged to put on the market a standard flour to retail at six cents a pound. The United States Grain Corporations have officially announced that small consumers of flour are to be protected against profiteering, and it is so arranged matters that the price of a twelve pound bag will not be over 75 cents. There is said to be no shortage of wheat and no occasion for sky rocketing prices. They claim that pure straight flour made of the finest wheat will be on the market at the prices named. Whether this will occur remains to be seen, but experience in the past has been such as to lead us to expect an immediate advance. Government fixes the price of sugar at retail, but get your sugar if you can.

OUR HIGH SCHOOLS

A movement for two all-important progressive steps toward uplifting the high schools of the State, is the final resume of the High School Conference recently held.

The two thousand high school principals and teachers from all over the State who attended, heartily endorsed the two movements, and thereby started in final

motion the future program toward the definite objectives set up last year. Those objectives are (1) the reconstruction of study courses so that universalization of high school education in Illinois will ultimately be possible, and (2) providing for greater facilities and advantages for the training of teachers.

It was pointed out that by universalizing courses of study in the high schools of the State, the scholastic standards of the high schools will be raised, and that when the standards of high schools will of necessity be raised. The whole state may benefit through the increased intelligence of its educated citizens.

WOMEN VOTERS

Political forecasting, says an observer of the recent election in New York, becomes a lost art with the advent of women as voters. He speaks as one familiar with American politics, and admits that they "voted well and, in the main, wisely"; but they failed to vote as the same number of men might reasonably have been expected to. One could not say, for example, that they would vote Republican because their fathers had voted Republican, and they quite evidently failed to vote Democratic because a Democratic administration had, just before election, appointed a woman to an important position. Broadly speaking, they appeared to make up their minds independently of party arguments and emblems; and although many voted as did their men folk, it is the opinion of this observer that they voted according to their own judgment. The Science Monitor. This new electorate, he thinks, is "bigger already, better very probably, but oh, how different!" One gathers an odd impression that one element in the difference is that women vote more impersonally, and are less affected by political emotionalism.

GOMPERS AND DIRECT ACTION

However Mr. Gompers may have been swerved from his supposed conservative attitude in regard to what organized labor can do in a democracy where it has all the social and political rights, in his recent pronouncement as to the propriety of the Boston police strike and the coal and steel strikes he seems to be holding himself and those who are with him to the strict line of sound Americanism in his sharp attack on the "direct action" proposition says the Philadelphia Ledger. This device of letting the minority by violence override a majority is repudiated by Mr. Gompers in no uncertain tone. For in applying the acid test of American experience to this British belief he says:

It is the conviction of the American people, and specifically of the American working people, that political democracy, as we know it, is the best form of government yet devised, and that it must not be endangered, and cannot be endangered without entailing the most serious consequences to every one.

The organized labor movement has devoted much effort to and has been a most potent factor in securing universal manhood suffrage, and in its extension to women; in other words, the unlimited and unequal right of men and women who have attained their majority to vote for or against individuals, parties and measures.

The destruction of the democratic political structure by direct action would inevitably lead to chaos, out of which we could not emerge into the restoration of order without first restoring the political structure that had been destroyed.

History records but few ideas more tragic and more fantastic than the idea of government by direct action. It is in fundamental opposition to everything that we have learned thru experience to cherish and safeguard.

In addition, while Mr. Gompers holds to the strike as a weapon that may be used properly to gain recognition, he sees very clearly that the direct action group would not only lead in the outlawing of the strike but would give American labor organizations a setback from which they would not recover for years.

THE COAL SITUATION

The strike of the coal miners seems to have settled down to a fight to a finish between governmental authorities, the operators, and the miners. Meanwhile the helpless victim, the public, may shiver and shake and denounce the present situation as wicked and unbearable, and can do nothing. Fuel Administrator Garfield's proposal, approved by the Wilson cabinet, to grant the bituminous coal miners a 14 per cent increase in wages without an advance in the selling price of coal, was accepted by the operators, but rejected by the miners. In rejecting the proposal, the mine workers representative, acting President Lewis, challenged the government to a finish fight, charging Garfield and the cabinet with the most colossal blunder in the industrial history of our country and predicting industrial chaos. In surveying the situation the average citizen will find himself further away from a real knowledge of the case than ever. The miners began by asking 60 per cent advance. The operators offered 20. Secretary Wilson proposed a compromise at 32, and the miners accepted, and now Garfield and the cabinet says 14 per cent advance is enough. The Globe Democrat says:

With the approval of the Cabinet, Dr. Garfield, the Fuel Administrator, has made a definite proposal to the coal operators and miners providing for an increase of 14 per cent in wages, with the understanding that there is to be no increase in the price of coal to the public. This, it is presumed, is the conclusion of the government after a careful examination of the facts in the case. There were three phases to the problem, the rights of the operators, the rights of the miners, and the rights of the public, and the last was, and is, paramount. Both of the primary parties should have justice, but the country must have coal, and at a reasonable price. The government finds that an increase of 14 per cent in wages will bring the wages of miners up to a parity with the increase of the cost of living since 1913, and it takes the position that the operators can afford to pay this increase out of their own pockets instead of passing it on to the public. The conflicting claims as to the profits of the operators have confused the popular judgment, but we may assume that the stand of the government in this matter is based upon ascertained facts, not only as to profits, but as to wages and living costs, and if this is true, both parties to the controversy should be willing to accept this judgment and act in accordance with it. That both will do so reluctantly is not to be questioned, but the public interest, we say again, is paramount, and it is essential that the mine be reopened and operated immediately if the growing distress is not to become great disaster.

Rippling Rhymes
By Walt Mason

Some Day.

Some day good sense will reign again, so let's throw up our hats; some day we'll all be sane again, our belfries free from bats. Some day we'll quit our foolery and buckle down to toil, cut out the rant and droolery, and make the kettle boil. Some day we'll tire of clamoring and pawing up the ground, of knocking and of hammering, of yawps and empty sound. We'll tire of all the driveling of loud wind-jamming men; and we'll go swiftly swiveling to our old jobs again. The brawny handed carpenter, will pass the windmills by; his plane, when he has sharpened her, will make the shavings fly. The blacksmith blithely, gladly, will make his order without a strike-suggesting bore. The rows of kings embattled us and drew us from our pace! the big commotion rattled us, and got us off our base. We've all been wildly capering since war received the skids; we've all been vainly vamping, and talking through our lids. Our old time jobs are calling us; let's get to work again, or coppers will be hauling us to poorfarms in the glen.

Deaths

Bauch.

Henry F. Bauch of Versailles died at Passavant hospital at 6:30 o'clock Tuesday morning. He was 66 years, 10 months and 2 days old at the time of death. The remains were removed to Gillham's undertaking parlors and prepared for burial and were sent to Griggsville where funeral services will be held. Interment will be made in Hebron cemetery in Brown county.

McMillan

John A. McMillan aged 75 years died at a local hospital at 5 o'clock Thursday evening. He was related to the late James McMillan, for many years a resident of this city. The remains were removed to Gillham's undertaking parlors and prepared for burial and were taken to New Berlin where funeral services will be held and interment made.

Wilson

Mrs. Martha L. Wilson died at the family home, 1319 Tendick street at 12:05 o'clock Thursday afternoon. She was born in Springfield January 14, 1841, and was united in marriage to John W. Wilson. One son Eugene Wilson of this city survives.

Mrs. Wilson was a member of Bethel A. M. E. church and was faithful in her church duties. She was also a member of Hicklin Tabernacle and Daughters of the Household of Ruth.

Funeral services will be held from Bethel A. M. E. church this afternoon at 2:30 o'clock in charge of Rev. J. H. Fisher. Burial will be in Diamond Grove cemetery.

Grimsley.

Friends in the city have been advised of the death of Robert Grimsley which occurred at the family home in Los Angeles, Cal., Monday, November 24. No particulars were received, but it is known that Mr. Grimsley had been in a serious condition following an attack of neuritis, and it is presumed that this was the cause of death.

The deceased, who was a contractor and builder by occupation, left this city about ten years since for Whittier, Cal. After two years' in that city he removed to Los Angeles, which has since been the family home. Mr. Grimsley is survived by his wife and also by a number of relatives who reside in Menard county.

STATUE OF

RICHARD J. OGLESBY
Capt. J. M. Swales has favored the Journal with an account of the unveiling of a statue of Richard J. Oglesby, the art work of Mr. Crummett who is doing the same kind of work for the soldiers' monument in this city.

Richard J. Oglesby—thrice elected governor of Illinois and for a term United States senator—stands in living bronze, a heroic statue unveiled yesterday in Lincoln park.

Gov. Frank O. Lowden dedicated the statue in the face of a blinding rain. Mrs. Oglesby, Lieut. Gov. John G. Oglesby, Miss Felicitie Oglesby, and Richard J. Oglesby II. were the guests of honor of the state of Illinois.

The flags that concealed the figure rolled back to disclose "Uncle Dick" overcoat flung over arm and hat in hand, in the typical attitude that is remembered by men and women in every county of Illinois.

Ineclemency of the weather did not restrain the 200 persons who participated in the brief but impressive ceremonies of the unveiling. The Lane Technical High school corps of cadets of 250, with its band, arrived just as Gov. Lowden was concluding his remarks. The cadets were brought to attention and present arms as the band played.

State Senator Martin B. Bailey of Danville, as chairman of the commission, presented the statue to the state of Illinois and to Lincoln Park. Gov. Lowden in accepting it said in part:

"I think I may say without exaggeration that no man in all our history was ever closer to the hearts of the people of Illinois as Richard J. Oglesby. His career recounted in simple words upon the bronze plate beyond the statue reads like a romance. I am very happy today, in the name of the state of Illinois, to receive with commendation this noble statue erected to the memory of Richard J. Oglesby."

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading
Druggist of Covington, Ky., Who Has Made
Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcline—that's all you need and after you have mixed it with enough boiled water to make a pint gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

Worth It!

Don't Experiment with Catarrh;

It Often Leads to Serious Trouble

You Will Never Be Cured by Local Treatment with Sprays and Douches

Catarrh is a condition of the blood and can not be cured by local applications of sprays and douches; this has been proven by the thousands who have vainly resorted to this method of treatment.

Catarrh should not be neglected or experimented with. The wrong treatment is valuable time lost, during which the disease is getting a firmer hold upon its victim, and making it more difficult for even the proper treatment to accomplish results.

Though catarrh makes its first appearance in the nostrils, throat and air passages, the disease becomes more and more aggravated and finally reaches down into the lungs, and everyone recognizes the alarming condition that results. Thus catarrh may be the forerunner of that most dreaded and hopeless of all diseases, consumption.

No local treatment affords permanent relief. Experience has taught that S. S. S. is the one remedy which attacks the disease at its source, the blood, and produces satisfactory results in even the worst cases. Catarrh sufferers are urged to give S. S. S. a thorough trial. It is sold by all druggists. You are invited to write to the Medical Department for expert advice as to how to treat your own case. Address Swift Specific Co., 436 Swift Laboratory, Atlanta, Ga.

WELL KNOWN YOUNG PEOPLE MARRIED

Fred Nergenah and Miss Hallie Ommen United in Marriage
Thursday Evening—Concord Items of Recent Happenings.

Concord, Nov. 28.—Marion Henderson and Robert Straight of the force at Myers Brothers in Jacksonville motored down to the Henderson farm near Concord on Thanksgiving morning, on their wheels, and spent the day hunting rabbits. Miss Ruth Henderson and brother Howard of Waddell's store, went by the early train to Chapin and also visited the home folks on the farm. The boys killed a number of rabbits to take home. They all returned to the city on the 8:30 train from Chapin.

Fred Nergenah and Miss Hallie Ommen were united in marriage at six o'clock Thursday evening, the 27th, at the home of the bride about six miles northwest of Chapin. Rev. J. H. Sieving, of the St. Paul's Lutheran church, performed the ceremony in his usual happy manner. A number of near relatives of the couple witnessed the ceremony.

The bride is the daughter of Mrs. Ommen and a young lady of splendid qualities and a prime favorite in the church of which she and her husband are members.

Mr. Nergenah is a son of Mr. and Mrs. W. F. Nergenah, living southwest of Concord. He served his country very efficiently during the late war as a member of the 22nd Engineers, and was stationed for some time at Manonville, France. He came home July 4th in time for the big celebration in Jacksonville. He was a private of the first class and well liked by his comrades. He is a farmer, and he and his bride will live on a farm west of Concord.

The young couple have a wide circle of friends in the vicinity of Concord and Chapin who wish them joy and happiness for years to come.

The funeral services for the late Mrs. Carl Turley were held at the M. P. church in Concord on Thursday afternoon at 2 o'clock, in charge of the Rev. Mr. Yemm. Suitable music was furnished by a quartet as follows: Mrs. Bessie Ginder, Mrs. G. F. Lewis, S. M. Smith and Roy Abernathy. Miss Bonnie Smith was the accompanist. Burial was made in Concord cemetery.

Mrs. John Filson, living in the village of Concord, was invited out to Thanksgiving dinner at the home of Mrs. Lee Filson, and had the misfortune to fall and fracture her collar bone. She was removed to Jacksonville for necessary treatment.

HOPE TO RETURN AMERICAN BODIES

Paris, Nov. 28.—Efforts to return the bodies of American soldiers soon are being continued regardless of the officially expressed attitude of the French government against permitting American exhumations before the same privilege is accorded French families. The American embassy has presented to the foreign office a note from Washington setting forth the desire of the American people to have their dead in their own country as soon as possible.

Brigadier General W. D. Connor, commander of the American troops in France recently held a meeting with the French authorities to discuss the procedure in exhumations when the time comes for removal of the bodies.

Notwithstanding the French official attitude against allowing the Americans to remove their dead while the French must wait it is said to be the feeling in some French quarters that it would be difficult to refuse the Americans if pressure were exerted.

Matrimonial

Deffenbaugh-Struck.
Roy A. Deffenbaugh of Bellefonte and Miss Elizabeth Struck of Jacksonville are united in marriage at 2 o'clock Thursday afternoon at the home of the bride's parents, Mr. and Mrs. Henry Struck, 618 North Prairie street.

The ceremony was said by the Rev. M. L. Pontius, pastor of Central Christian church and was witnessed by only relatives and a few intimate friends.

The bride is the daughter of Mr. and Mrs. Henry Struck and is born in this city. She graduated from the high school in the class of 1910 and then entered the University of Illinois at Urbana, where she is now a member of the Gamma Delta sorority.

She is a member of Central Christian church and was always active in the work of the young people's organizations of the church.

After graduation she took up teaching and has been instructor in English and Latin in the schools of Griggsville, Chapin, Pittsfield and Eldorado. Possessed of many charming traits of character, she has won a wide circle of friends in her home city.

The groom is the son of George Deffenbaugh of Belleville. He graduated from McKendree college in the class of 1914. The following fall he became principal of the high school at Newton and later held the same position at Pittsfield.

He enlisted in the service when the war started and was stationed at Camp Taylor. In the spring of 1918 he was assigned to the Chemical Warfare bureau of standards at Washington, D. C. After the signing of the armistice he applied for and received his honorable discharge. At the present he is instructor of science in the high school at Canton, Ill.

Mr. and Mrs. Deffenbaugh left yesterday for Peoria where they will make a brief visit. They will then proceed to Canton where they will make their home for the present.

Burghardt-Allen.
The marriage of Miss Jessie Ennaline Allen to Charles Harry Burghardt of Greenfield occurred Thursday evening at the home of the bride's mother, 847 North Diamond street. Promptly at eight o'clock Miss Prudence Sheen of Decatur sang "I Love You Truly" with Miss Mildred Sheen as accompanist. Miss Lela Burghardt, a sister of the groom played the wedding march from Lohengrin accompanied by Miss Gladys Hayden, violinist. The ceremony was performed by Rev. H. H. DeWitt, pastor of the Second Baptist church.

The bride wore a dress of white organdy with veil and carried a bouquet of brides roses.

Miss Alma Grayce Williams, Columbia Mo., was bridesmaid. She wore a blue silk messaline and carried pink carnations. Just after the ceremony Miss Prudence Sheen sang "Because".

"The bride is the only daughter of Mrs. Mary E. Banks and has always made this city her home. She finished the grammar schools here and was a member of the graduating class of 1912 of Jacksonville High School. She held the position as bookkeeper and clerk at Mallory Bros. four years.

The groom is a son of the late Allen C. Griswold of White Hall and is one of the successful young farmers of Greene county. For several years past he has operated an extensive farm near White Hall and it is here that he and his bride will begin housekeeping after a wedding trip of several weeks' duration.

Among those who attended the ceremony were Mrs. A. C. Griswold, mother of the groom; Miss Lucille Griswold, Curtis Griswold, sister and brother of the groom; Mr. and Mrs. John R. Strang and family, Mr. and Mrs. D. C. Strang, Mr. and Mrs. L. G. Griswold, Mr. and Mrs. F. P. Pieper, Mr. and Mrs. Fred Rives, Mrs. E. A. Griswold, Mr. and Mrs. E. C. Griswold, Miss Ruby Seeley, Mrs. Nancy C. Griswold, Mrs. Hattie Pinkerton, all of White Hall; W. D. Henry, Mrs. Lucy B. Grunder, J. R. Henry, Mr. and Mrs. Samuel Henry, all of Woodson; Mrs. C. F. Strang, Mr. and Mrs. H. G. Strang, Mrs. Maude L. Rimby, Murrayville; Mr. and Mrs. Clarendon Adams and daughter, Winchester; Mrs. Martha E. Strang, Mrs. J. E. Wright, Miss Wilma Williamson, Mrs. E. C. Ransdell, and Dr. and Mrs. H. L. Griswold, all of Jacksonville.

ROUTT HIGH LOST
GAME AT VIRGINIA
Defeated By Cass County Team By Score of 27 to 19—Routt Defense Poor in First Half.

Routt high school lost its basketball game to Virginia high at Virginia Friday night by a score of 27 to 19.

The playing floor at Virginia is small and this handicapped the Routt players. Routt's defeat came, however, thru poor defensive work in the first half. Zell, Carson and Costello scored. Routt's points while Skiles and Meade were the main point makers for Virginia, scoring all of Virginia's points except two.

Virginia had not provided a referee for the game and asked Coach Conlon of Routt to officiate which he did to the satisfaction of all. The score:

Virginia: F G F T Tls
McNeeley, f 1 0 2
Skiles, f 3 5 11
Meade, c 7 0 14
Waddell, g 0 0 0

DECORATED BY FOCH
"Greatest Thing Accomplished by Any Soldier" Said Marshal of York's Feast.

"What you did was the greatest thing ever accomplished by any soldier of any of the armies of Europe," said Marshal Foch to Sergt. Alvin C. York, 328th Infantry, as he pinned on his breast the Croix de Guerre, on April 24, 1919. Sergt. York will tell in his own way the story of the exploit that could cause the great French leader to make such a statement, when he lectures at Central Christian church, this evening at 8 p. m. under the auspices of the Rotary club. The proceeds of the lecture will go to a school for mountain boys and girls which the York Foundation is establishing at the home of the great hero in the Tennessee mountains. Sergt. York has declined offers that would have made him a fortune, and is giving himself to his own people.

HAPPY AFTER 20 YEARS
"I must write and tell you I am getting along fine. For 20 years, that is over half of my life, I have spent in poor health and suffering from severe gas in stomach and indigestion. May's Wonderful Remedy has entirely restored me. I also know of several others who have taken it for the same trouble and are now well again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

STOMACH SO BAD SHE HAD LOST ALL HOPE
Suffered Agony for 8 Years and Then Got Well in a Hurry.

"I suffered from stomach trouble for 8 years—had acute indigestion for 4 years. All that time I have not slept a wink before 2 in the morning, and lived on milk and soup. My stomach was one solid sore.

"Doctors said I had catarrh and neuralgia of the stomach, also female trouble for which I needed an operation. I was nothing but a living skeleton and had given up hope.

"Then my husband brought home a bottle of Milks Emulsion. From the second dose, I began eating, and now, after 10 bottles, I eat anything I want. I haven't had a pain in my stomach since the first dose, and my female trouble is fast disappearing."

Mattie Cartwright, Tyler, Texas.

The blessed relief which Milks Emulsion gives in stomach trouble, is only part of its good work. The benefit is both prompt and lasting. It costs nothing to try. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. It helps build flesh and strength, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

ILDERIM TEMPLE HELD CEREMONIAL SESSION

Large Class Taken Into Ilderim Temple No. 62 D. O. K. K. Thursday—Turkey Banquet An Important Feature of the Occasion.

The annual fall ceremonial of Ilderim temple No. 62 D. O. K. K. was held Thursday afternoon, and at this time a large class was taken into the order. Among those in attendance at the ceremonial were members of the order from Beardsboro, Roadhouse, Chapin, Greenville, and other nearby towns. Altogether there were about 200 in attendance.

Following the serving of an elaborate turkey banquet came a program which had been arranged by a special committee. The committee in charge of the banquet included J. F. Kellogg, Edward Tendick, A. R. Taylor, Glenn Cannon, Lloyd Hall and Charles Ratachak, the latter serving as chief chef. The menu included roast turkey, giblet gravy, scalloped oysters, cream potatoes, celery, cranberries, pumpkin pie, coffee and cigars.

One feature of the evening which was especially noteworthy was the presentation of "The Sepulchre of Sin." This was given with Frank Bracewell as Tophi; E. I. Dunlap as Victim; Crum Cleary and E. G. Stout as Imps. Several selections were given by a quartet composed of M. E. Gilbert, James Guyette, Earl Richardson and C. A. Sheppard. Other musical numbers were furnished by an orchestra including F. L. Gregory, Earl White, Charles Sheppard, Thomas Drake, Rolland Kiel, and C. J. Large. The members of the class were: Albert E. Curry, Lawrence Dye,

D. H. Cowgur, Charles Scherer, R. C. Washburn, F. E. Craig, Alden D. McLamar, Wesley Perry, Cyril Von Fossen, William F. Frocker, Leon P. Truitt, George E. Morrow, Bryan Smothers, J. W. McConnell, Leonard I. Wood, Richard Dodsworth, Elizee H. Taylor, C. H. Young, Frank L. Vannier, Jesse F. Smith, Lee O. Sullivan, William W. Rice, R. B. Wernsing, Harry McDonald, Lester O. Polle, Jay V. Teeple, Elmer C. Strander, Charles Houser, E. A. Brewer, Byron C. Coultas, Emmett Miller, F. M. Crabtree, E. J. McDowd, Luther Moore and J. V. Hawk.

Those in charge of the Eighth order were Charles Godfrey, Fred Jameson, G. A. Paugust, George Brown, Lewis Alquist and Fred Mounis.

QUARTERBACK GREEN FEATURES TURKEY GAME

Playing His Last High School Game, Green Makes Fifty Yard Run For Touchdown—Jacksonville Defeats Bloomington 14 to 0.

Playing his last high school game, Quarter Back Arthur Green of the Red and White squad covered himself with glory and placed his name in the hall of fame by running back a punt fifty yards thru the entire Bloomington team for a touchdown, in the turkey day tilt on Illinois field.

In addition to this feat Green ran the team with excellent judgment and also made frequent gains thru the line and around the ends. The entire Jacksonville team played excellent football and the same dash and punch displayed against Bloomington would have returned the locals winners in the game at Waverly.

Both teams presented good forwards and they held the opposite back's thruout. This made it a kicking game and the ball passed over frequently. Molohon, Hunt and Cockin played excellent football and Hunt made the locals first touchdown. Lucas and Ransdell did fine work on the flank positions and also received forward passes for long gains. The remainder of the line did good work.

Bloomington Strong on Defense. Bloomington showed the best high school team that has opposed Jacksonville on the local field this season. Coach Phillips, who was a star athlete at Illinois College, had to develop his team from green men last fall. However, he did a good job and as ten of the men who played yesterday will be in school next year, he should have a whale of a team. He also should be able to get away on Georgia, Champaign and other teams that defeated his team this year.

Corson and Sommerville at the tackle positions proved strong men and the locals were unable to gain much ground thru those positions. Kuhn, Magirl, Frank and Stubblefield made up a good backfield and worked well together.

Both teams played a better defensive game than they did on the offense. Bloomington several times stopped Jacksonville inside the five-yard line. The locals goal was never seriously threatened. In the second half, Bloomington opened up with forward passes and made several good gains, but before they could get close to the Jacksonville goal, some Jacksonville player would intercept one and the ball would go over. All of the scoring was done in the second period and Molohon kicked both goals.

Jacksonville Kicks Off. When the game opened, Jacksonville kicked off to Bloomington. After attempting to gain thru the line, Bloomington kicked to Green. Jacksonville made first down. The Bloomington defense stiffened and the ball went over on downs.

Bloomington could not gain and kicked Jacksonville with line plays and runs by the back field and a forward pass. Green to Lucas, carried the ball steadily down the field. They worked it to Bloomington's three-yard line and were held for downs. Both teams exchanged punts and the ball was in Bloomington's possession when the period closed.

Scores Came in Second Period. At the beginning of the second period, Bloomington kicked. After an exchange of punts, Jacksonville carried the ball to Bloomington's three yard line. The visitors fought desperately and held the locals and immediately kicked from behind her goal line. Hunt carried the ball back to the 12 yard line. On two plays, Hunt went thru tackle for a touchdown and Molohon kicked goal.

Jacksonville again kicked off and Bloomington tried the line and end's and could not gain. Bloomington then kicked, and Green carried the ball back the entire Bloomington team for a touchdown. In making the run, he did some great dodging and finally outprinted his last tackler for the goal. Molohon kicked goal.

During the third and fourth periods, both teams opened up with a more varied attack. However, owing to the slippery condition of the ball, the passes of the teams failed for the most part. Neither team was able to gain consistently thru the line or around the ends. There was frequent punting. The lineups: Jacksonville: Bloomington: Ransdell, lb. Pingrey A. Arter, lb. Sommerville Bray, lb. Barr Smith, lb. Harmon Roth, lb. Green Arnold, lb. Corson Lucas, lb. Blackburn A. Green, lb. Magirl Cockin, lb. Frank Hunt, lb. Kuhn Molohon, lb. Stubblefield Time of periods, 15 minutes. Referee, Harmon, Illinois College. Umpire, Larson, Moline High. Headlinesman, Strickler, Illinois College. Touchdowns, Hunt, Green. Goals from touchdowns, Molohon 2.

And will be always true.

Play by the Faculty.
At 7 o'clock Thursday evening the students and a few invited guests assembled in Music hall where a play was given by members of the faculty.

The offering was "Cranford," dramatized by Marguerite Merrington. The period of the play was in the early part of the nineteenth century and the costuming and stage effects were in keeping with that period and added greatly to the performance.

The play was given under the direction of Miss Janette Powell and the work of the players showed the result of careful and intelligent rehearsing. The audience gave frequent approval of the work of the cast. The cast of characters follows:

Miss Matilda Jenkyns—Miss Neville.

Miss Pole—Miss Johnston.
Mrs. Forrester—Miss Lobdell.

Miss Fritz Adams—Miss Jones.
Miss Betty Barker—Miss Thompson.

Mrs. J. Jackson—Miss Storrs.

PROMINENT MEN FAVOR ENDOWMENT

President Rammelkamp Receives
Letters for F. A. Vanderlip
and President James of Uni-
versity of Illinois—Mr. Vander-
lip's Letter Given.

The National Illinois College
Endowment Committee has just
published an interesting and at-
tractive pamphlet under the title
"The Future of Illinois College."
It is the intention of the commit-
tee to send this pamphlet to all
alumni, former students and
friends. The cover has on it an
attractive cut of the Sturtevant
Tower from a pen drawing by
Charles M. Capps of the senior
class. The pamphlet discusses
the critical situation which all
colleges and universities are fac-
ing and then presents the spe-
cial needs of Illinois College. Of
particular interest are two letters
published in the pamphlet, one
from President Edmund J. James
of the University of Illinois and
another from Frank A. Vanderlip,
recently president of the National

City Bank, New York. President
James sends Dr. Rammelkamp his
best wishes for the success of the
Endowment campaign and em-
phasizes the important place which
Illinois College has in the educa-
tional system of the state. His
letter concludes as follows:
"Illinois College should have
at least a million dollar endow-
ment fund to enable it to do the
work which lies plainly and di-
rectly before it, and any man who
contributes to that fund or gets
others to contribute can, in my
opinion, feel well assured that
he is doing a service not only to
the community in which Illinois
College is located, but through it
to the State and the Nation."
The following is the letter from
Mr. Vanderlip:

Beechwood,
Scarborough-on-Hudson,
November 7th, 1919.
Dr. C. H. Rammelkamp, President,
Illinois College,
Jacksonville, Illinois.

Dear President Rammelkamp:
I am much interested to hear
of your plan to raise a fund for
Illinois College, which is to be
used to increase the salaries of
professors and to provide a suit-
able building to house the college
library.

Some years ago I was fortunate
enough to be able to interest Mr.
Carnegie in the college, with the
result that he contributed largely
to its endowment, and I was able
to add something to his
gift. This endowment fund has
been most wisely used.

At this very vital time in the
country's history, the education
of our youth provides a subject of
extreme importance for consid-
eration. In recent years many men
who were well equipped mentally
have turned aside from a teacher's
career, due to the fact that the
salaries paid were so small as
scarcely to provide them with the
necessities of life. Unless some-
thing is done to counteract this
tendency, not many years hence
we shall be facing a most serious
condition of affairs; we shall have
a generation of men and women
who lack the proper educational
basis, and who, therefore, will be
less fitted than the present gen-
eration to cope with the dangers
and difficulties of their time. The
remedy lies in the increase of
salaries of our professors, in or-
der to retain in the universities
and colleges the most brilliant of
their graduates.

The project to erect a suitable
building for the use of the col-
lege library is an excellent one.
A large and well-selected library
is the most valuable possession a
college can have, but it is useless
unless proper facilities are pro-
vided by means of which its ben-
efits may be enjoyed. A modern,
well-lighted, well-arranged lib-
rary building is most necessary to
the best interests of a college and
its students.

The affairs of Illinois College
are well-regulated and its man-
agement is in most competent
hands. I understand that there
has been no deficit in the past
eight years, a fact which is indica-
tive of the ability of the men who
have had Illinois' best interests at
heart.

Alumni and all who are inter-
ested in the advancement of edu-
cation in the United States have
every reason to be proud of Illi-
nois' record in the past and con-
fident of her future. Such pride
and confidence can best be ex-
pressed in contributions to the
fund which you are now engaged
in raising, and I wish for you in
this campaign every success.

Sincerely yours,
(Signed) F. A. Vanderlip.

Through Summer seas
to

Hawaii

Halfway to the Orient, and still in U. S. A.

Picture a perfect May day—multiply it by 365—that's the year
in Hawaii, the Island Paradise of the Pacific.

Add tropical forests where grow the coconut and royal palm, the banyan and
the hau, and strange flowers of many hues. From coral islands thus carpeted,
rise volcanic mountains two miles skyward right out of the sea.

Here are spectacular volcanoes—the ever-glowing ruby of fiery Kilauea and
the largest of earth's craters, Haleakala—easily accessible to the very brink.
These areas are in the Hawaiian National Park, established by the United
States Government.

Waikiki Beach offers winter surf-bathing in sunny waters. Honolulu, the capital
of the islands, is a modern city, in the midst of a native civilization centuries old.

All at the end of a trip by land and sea unique in all the world. After seeing
California, you board a luxurious steamer at San Francisco, and are at Honolulu
in about a week, after a delightful cruise.

Full ocean steamer service has been resumed; you should reserve passage well in
advance to insure getting accommodations desired.

OFFICERS OF MANY
YEARS' EXPERIENCE
Captain and Mrs. Frank Sher-
wood Now in Charge of Local
Branch of Salvation Army.

The new officers of the Salva-
tion Army, Capt. and Mrs. Frank
Sherwood, come to Jacksonville
with twenty years experience and
are a very pleasant and pre-
possessing couple. They have two
bright boys, Ray 13 years and
Paul 10 years, who have already
enrolled in the Third Ward
school. Their work has been
mostly in the northwest and
north, extending from Washing-
ton, Oregon to Chicago. They
come here directly from Poca-
tello, Idaho where they had labored
fifteen months, and so earnestly
had Captain Sherwood worked
and cooperated with the minister
that they desired to elect him
president of the Ministerial Un-
ion and would have done so if
he had remained but as a soldier
he had orders here. The minis-
ters and Christian workers will
find in Capt. Sherwood an hum-
ble, faithful, wise and progressive
worker, combining the work of
collecting and distributing ma-
terial help where needed and a
strong evangelistic soul winning
spirit.

Anyone having things they
would give to the poor, may have
strong confidence that they will
be well placed. Call him by phone
and he will call for the things
but above all give him your
prayerfully encouragement as he is
here to serve the city.

FRANKLIN HIGH WON FROM BLUFFS HIGH

Final Score of 55 to 26—Game Was Witnessed by Large Crowd

Franklin, Nov. 28.—The local high school basketball team defeated the team from Bluffs here last night with a score of 55 to 26.

The game was witnessed by a large and enthusiastic crowd and was one of the most interesting of the season. The Bluffs team is a good one but the local players were too much for them.

Next Wednesday evening, Dec. 3, the Franklin team will meet the team from Virginia here. The Franklin team announces that it is ready to meet any other basketball team, either at home or elsewhere.

The Franklin lineup and score was as follows:

W. Teaney, f 8 1 17
Seymour, f 11 0 22
Hughes, c 8 0 16

SALE OF \$131,000 JACKSONVILLE, ILL. FUNDING BONDS

The City of Jacksonville will receive sealed bids at the office of the City Clerk up to four o'clock P. M. Friday, December 5th, 1919, for the purchase of \$131,000 of Funding Bonds, dated December 1st, 1919, bearing interest at the rate of five percent per annum, payable semi-annually, at the office of the City Treasurer in said city. Twenty of the bonds are of the denomination of \$500 each and mature one each year beginning December 1st, 1920 through 1929. One hundred and twenty-one of the bonds are of the denomination of \$1000 each and mature \$6000 beginning December 1st, 1920 through 1939. These bonds are issued to pay valid indebtedness of the City of Jacksonville. All bidders will be required to accompany their bids with a certified check of \$2000, as an evidence of the good faith of the bidder, and that he will take up and pay for the bonds if the sale is awarded to him. Failure to do so, said sum of money shall be forfeited to the city as liquidated damages. The bonds will be ready for delivery to the purchaser immediately upon acceptance of the bid and unless the bonds are taken up and paid for within five days after notice of award of sale, the check aforesaid will be forfeited to the city. The approving opinion of Charles and Rutherford, Attorneys of the City of St. Louis, will be furnished to the purchaser of the bonds. The City Council reserves the right to reject any and all bids.

(Signed).
E. E. CRABTREE, Mayor.
R. L. PYATT, City Clerk.

ATTENDED ALTON DANCE
Miss Catherine Cain and her guest, Miss Margaret Karr, of Belleville, were to Alton Thanksgiving Day where they attended a dance at the Western Military Academy Thursday evening.

THE OBSERVATORY

Now that Thanksgiving Day for this year is a matter of history, your Christmas shopping is next in order.

A special inducement to Santa Claus should be the fact that on his descent down the chimney he will not encounter much coal soot.

In case the Charlie Chaplin's do adopt a baby boy, as the telegraph recently intimated, it is hoped that someone else will teach the youngster to work.

A Missouri trapper has suffered the theft of several thousand dollars worth of skunk pelts, only part of which loss was covered by insurance. There was a time when a raw skunk pelt carried its own insurance against theft.

If all these letters over the country signed "Bill Carlisle" are genuine, the Wyoming author will soon become as well known as Thomas Carlyle for his works are almost as numerous, and fully as disconnected.

Illinois wheat money enables the country boy to marry as usual, says a probate judge, but the city boy on salary has all he can do to provide for himself. Not only is it heavy on the city boy, but also on the city man, who has all he can do to buy a car for himself, a home for his children, and a divorce for his wife.

An association has been formed for the defense of tobacco against the attacks of those who recently worked themselves out of a job in the adoption of prohibition. From this piece of news, it appears, tobacco is doomed. There is no defense for tobacco. If it can't survive on its own merits, no convincing argument can be trumped up for it. Like many other luxuries, it does no good, and not a great deal of harm. It makes a few very rich, and

Bad Sickness

Caused by Acid-Stomach

If people only realized the health-debilitating power of an acid stomach—of the many kinds of sickness and misery it causes—they would guard against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid stomach—pains of indigestion; distressing, painful bloating; sour, gassy stomach; belching, food regurgitating, heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto-intoxication, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver, sometimes even catarrh of the stomach and intestinal ulcers and cancer. If you are not feeling right, see if it isn't acid stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC Tablets quickly and surely relieve the pain, bloating, belching, and heartburn that indicate acid stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvellously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such quick relief.

So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory, return it and he will refund your money.

doesn't keep very many people poor. It gives a little pleasure to those who use it, and a little offense to those who do not—the world is full of bigger pleasures to be sought and far greater offenses to be fought. Tobacco really is not very important—many smoke merely because they are told not to, and many others oppose merely because others find pleasure in smoking. It really is not important enough to become a national issue. But unless the opponents and defenders of the weed watch out, it will become an issue, and a lot of valuable time will be wasted which ought to be spent on wealthy malefactors and irrepressible agitators.

Uncle Must Have Hay Fever.
The prize for the grouchiest Thanksgiving poem goes to Uncle John of the Excelsior Springs, Mo., Standard, author of this outcry:

The bronze is on the medder, an' the leaves is on the ground; in fact the gloom is spreading over everything around. The spirit of stagnation roams about the

Corns Come Off Like Banana Peel

"Gets-It" Leaves Toe Smooth As Your Palm. Never Fails.

Ever peel off a banana skin? Well, that's the way "Gets-It" peels off any corn or callus. It's a picnic. Nothing else in the world will do it

"2 Drops of 'Gets-It,' Good-bye Corns!" but "Gets-It" because of the new secret principle in the "Gets-It" formula. "Gets-It" does away forever with "contraptions," "wrappings," plasters, ointments that rub off, blood-letting knives, and scissors that snap into the "quick." "Gets-It" eases pain. It takes but a second or two to use "Gets-It." There's no fussing or trouble. It dries immediately. You put your stocking right back on again. Your corn will come off painlessly in one complete piece. That's common sense. It never fails. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill. Sold in Jacksonville and Recommended as the World's Best Corn Remedy by Armstrong's Drug Stores.

bottom land; but what's the use of grumbling with Thanksgiving close at hand?

Everybody's sneezin' an' there's microbes in yer breath; coal's a-gettin' scarcer, so we'll likely freeze to death * * * Cost of livin' hits us where the midriff hugs the spine—but soon will come 'Thanksgivin' an' we'll all be feelin' fine.

All ladies admire fine FURS. An opportunity will be given by FRANK BYRNS' Hat Store to select from a factory line of Fur Coats, Scarfs, Capes, and Muffs today.

STOCKS AGAIN SHOW BIG LOSSES

NEW YORK, Nov. 28.—The stock market's extreme susceptibility to adverse conditions was again strikingly demonstrated in the course of today's active dealings, speculative issues of various descriptions recording extreme declines of from five to almost fifteen points. Cables from London and Paris were in keeping with recent discouraging advices from those centers and contributed at least sentimentally to another moderate reaction in sterling and francs, with simultaneous reactions in rates to several of the leading northern European countries.

The money market was essentially a superficial affair until the last half hour, when the opening rate of seven per cent was advanced to 8 and then to 10 per cent, 9 per cent prevailing at the close. Time funds were ostensibly unaltered but very little money was available at less than 7 1/2 per cent.

Pressure again centered in the high priced industrials and specialties; General Motors making a gross reversal of 24 points. Pierce Arrow, automobile subsidiaries, leading oils, Crucible Steel, Baldwin Locomotive and active shippings, tobacco and leather registered extreme losses of five to fifteen points. United States Steel at 10 1/2 duplicated its minimum price of the recent upheaval and railroad shares of high and low degree were under persistent pressure falling back 2 to nearly 5 points.

Bonds as a whole were heavy and victory issues again featuring the movement at several low records of the year. Sales (par value) aggregated \$25,850,000.

Old U. S. Bonds were unchanged on call.

CORN ADVANCES SHARPLY IN PRICE

CHICAGO, Nov. 28.—Sharp advances in the price of corn today resulted chiefly from lack of selling pressure. Coal strike developments were construed as bullish. The market closed nervous 2 1/2 c to 3 1/2 c net higher with December \$1.36 1/2 to \$1.37 and May \$1.32 1/2 to \$1.33 1/2; oats finished 1/4 c to 3/4 c up. The outcome in provisions ranged from 50c decline to a rise of 22c. Strength and activity on the buying side characterized the corn market throughout the day. It was a generally accepted theory that a big open short interest in delivery existed and that the difficulty of filling contracts for that month would be made more severe coal shortage hampering the crop movement. Besides damp, stormy weather prevailed.

Higher quotations on hogs tended further to lift the value of corn and so likewise did uneasiness over the Mexican situation. On the other hand traders virtually ignored all bearish factors, such as the weakness of stocks, cotton and foreign exchange.

Oats advanced with corn. In provisions selling on the part of the packers counterbalanced to some extent the effect of the advance in grain and hogs.

UNION THANKSGIVING SERVICE AT BAPTIST

Large Attendance at Church Thursday Morning—Excellent Music and Forceful Sermon by Dr. J. F. Langton, Rector of the Episcopal Church

The Union Thanksgiving service at the First Baptist church was well attended and carried out according to the program announced. The musical numbers were excellent and all was done in a finished manner. The sermon by Rev. J. F. Langton, rector of Trinity Episcopal church, was a masterly effort and attracted the closest attention throughout. Before beginning his formal discourse the worthy gentleman said he had one great cause for thankfulness and that was the fact that he lived in Jacksonville where he had received such uniform courtesy and kindness from the people of every walk in life. The appointment as speaker on this occasion was at once a cause for humility and gratitude and he hoped he would find a niche in the place which he might fill and he asked the help of all to enable him to do his part and it is safe to add that the gentleman's kindly regard for the people of Jacksonville is most fully reciprocated by them. He took for his text Deut. 8:33 the burden of which was "Man doth not live by bread only but by every word that proceedeth out of the mouth of God." He said in part:

These words are a challenge to a nation. The great world war is over and we face a period fraught with serious problems. It has been said that the war added 17,000 to the list of millionaires in the land. We have entered too

much on a period of wild extravagance; is not the holy day dedicated as never before and have we not departed from the simple ways of the fathers? Parental authority is lessened; the home life has lost its charms; the father has his club and the mother her society and the children are neglected. Is it any wonder they grow up lawless? We turn from this spectacle and recall the great war and think of the solid phalanx pitted against the allies with England, her army's back to the wall and France's hosts weary and dispirited. Then it was that that stirring poem "In Flanders Field" was written

And now contemplate the causes for gratitude. We have seen the diabolical militarism of Germany, so near the Turkish and Mohammedan with its Satanic code of evil, put down and while woman in Germany is little more than a beast of burden let us hope a brighter day is dawning for Europe. For this we pay merited tribute to our noble sons who fought with grand valor and give thanks for the unity of the nation back of them. We have enjoyed the most abundant harvests of many years and have largely been able to feed the world and save many from starving but have we not allowed too much hoarding and artificial scarcity? I have sometimes thought our chief executive could devote some time to domestic questions to great advantage to the American people who should be his chief concern.

But our wealth in harvest and mines does not portray our greatest blessing. The great war undertaken in a spirit of humanity has brought about an awakened national conscience and an advancing power of Christian brotherhood. The 15th century stands for advancement in letters and art and was the time of Joan of Arc and the discovery of America.

The 16th century stands for the putting out to new worlds and the great reformation. The 17th and 18th for the progress of liberty in France and America and the beginning of the fall of the ideas of the divine right of kings. The 19th saw the advance of liberty and the abolition of a slavery and now the 20th shows increased altruism everywhere. Wealth is losing its selfishness and generous gifts are frequent. Public and private benefactions are increasing and a general spirit of mutual helpfulness abroad.

And then the triumph of prohibition is a noble achievement and while it does not always prohibit, it mightily curtails the power of the demon rum.

It is pleasant to know we are a law abiding people. The absolute tyranny of the labor unions was well demonstrated in the steel strike and the coal strike and as an indication of their rule or ruin policy the police of Boston were ordered to refrain from duty and leave the city to the mercy of evil doers. The governor ordered out the troops and told the police what to expect and maintained order. He was a candidate for reelection and was warned that he would feel the force of the labor unions but he was elected by the grand majority of 125,000, political preferment being held wholly secondary to upholding the law. Then, ever the emergency brought the man as was the case with Washington, Grant, Lincoln, Roosevelt and now Coolidge.

Christ adopted the words of our text and gave them a new meaning. In His teaching the rigors and terrors of Mt. Sinai are transformed into the mercies and blessings of the Mount of Beatitudes. Moses applied them to the Jewish nation only but the Master gave them a world wide application. Not what a man gets enriches him but what he gives in blessings to others makes him truly noble and fortunate. What lessons lie in our Savior's words. That we are not to be guided by the lower nature but by that which elevates, ennobles, uplifts and elevates our fellowmen and this is the lesson we are to learn and take home at the present time.

And now what of the church at this momentous time? Dr. Manning of New York has said: This is a day of new vision for all of us. The great upheaval has given us a new view of life and has brought the church an opportunity without precedent in history. We must all feel the nearness of the kingdom of Christ as never before and be aroused to new efforts for humanity. If Christian people do not take the lead it will fall to others and with grave results.

I am pleased with the concord that which has been tendered my church by the Congregational body and all from the most unswerving ritualist down to myself feel a thrill of brotherhood as never before and while the overtures may not be fully accepted they will be fraught with blessing.

My closing appeal to men and women is, that we may read our Bibles with renewed interest. Pray as we have never prayed before; let us swear anew our allegiance to our father's God and lift our hearts to new and nobler ideals and press forward as a people, as a nation. If Gen. Pershing could say "Lafayette's grave—Lafayette, we are here!" shall not we upon this festive day, this great Thanksgiving day—lift up our hands and hearts—in a spirit of devotion to our Master, the Incarnate Christ, and say: "Oh Christ, we are Thine in Thy service. We are here."

THE ROTARY CLUB

The Rotary club at its meeting Friday listened to a most interesting historical paper read by Frank J. Heinl, dealing largely with the early settlement of Morgan county by the Kelloggs and Collins. It was a paper of much more than usual interest and received the closest attention. Dr. Harker remarked on the importance of such facts as had been presented, in view of the coming centenary of the settlement of the county.

BASKET BALL

A game of basket ball between the parochial school boys and first ward pupils was pulled off yesterday morning according to information furnished the Journal. The score stood 30 to 4 in favor of the parochials.

SERGT. YORK'S WAR-CROSS

Tribute of Great French Marshal in Decorating Mountain Dough-boy.

With a half a dozen medals from American and foreign governments, including a Congressional Medal of Honor and a Croix de Guerre pinned on by Marshal Foch himself, who says that his exploit was the greatest of the whole war, Sergt. Alvin C. York, Tennessee mountain doughboy and single-handed conqueror of a German machine gun battalion, will tell his story at Central Christian church this evening at 8 p. m. under direction of the Rotary Club. Upon his return to America, where he was hailed as the greatest hero of the war, he was besieged with offers that would have made him rich. He turned them down to devote himself to the betterment of education in his native mountain country, and the proceeds of his lecture will go to that purpose.

Everybody Likes to Knit With

Knitting and crocheting, those time-honored and most useful of feminine accomplishments, were never so popular as now. Women are cutting the high cost of "giving" by knitting and crocheting their Christmas gifts this year.

All the family needs in sweaters, mufflers, gloves, socks, can be knit and crocheted most economically and with most beautiful results with Caron's.

Particular women prefer Caron's Yarns because of their extreme softness, pliancy and pleasing "feel." Due to the Caron method of spinning and the use of long-fibre Illinois-grown wool, Caron's Yarns "knit up" beautifully, respond to the needles and never chafe the knitter's hands. Best of all, you get most yardage guaranteed for your money in Caron's.
